

WESTMINSTER
SCHOOL

The Challenge

Core and Specialism Papers

MATHEMATICS

Syllabus and Guidance

First Examination 2027

Mathematics (Core)

60 minutes. Calculators are allowed. (Not graphical calculators.)

Mathematics (Specialism)

60 minutes. Calculators are not allowed.

The examinable material for both of these papers is that of 13+ Common Entrance Mathematics at the Additional level, with the exception that candidates for the Specialism paper should also be able to expand and simplify the product of two binomials.

In both papers, the questions will be more difficult than Common Entrance questions, and will reward a high level of understanding, proficiency and flexibility.
